

KADIR KARATAS

M.Sc. MECHANICAL & INDUSTRIAL ENGINEER

Personal Background

I was born in Eskisehir, Turkey in 1991. Until end of bachelor degree I continued my education in Turkey. Since October 2015 I have been in Hamburg, Germany to study my Master degree. After finishing my master degree, I have started at Aerospace Ind. in the field of Manufacturing Engineering. Right now, I steer my career towards digitalization, industry 4.0 and manufacturing execution systems by attending to IBM's Professional Data Science certification program.

Core Competencies

- Critical thinking & data analysis
- Project & team management
- Interpersonal skills & Multicultural understanding
- Disciple & eager to learn
